NOVOMATIC puts weight behind Macao Gaming Show

As momentum continues to build for NOVOMATIC throughout the Asia-Pacific region, a range of products will be brought to MGS – Macao Gaming Show – to showcase the company’s growing commitment to the region on booth #AP25. Taking place at the Venetian® Macao on the Cotai Strip on November 15-17, MGS is an opportunity for NOVOMATIC and its local partners to show Asian operators the company’s depth and breadth of innovative gaming products.

Supported by NOVOMATIC’s principle distributor in the region, Jade Entertainment and Gaming Technologies and its local subsidiaries, an open-plan booth provides the setting to present a variety of products. The line-up starts with three banks of the new GAMINATOR® Scorpion featuring three game compendiums, including the Macao mix; NOVO LINE™ Interactive Edition 1. The successor to the original GAMINATOR®, this new cabinet is set to take the gaming industry by storm, bringing the latest and greatest NOVOMATIC content to life in stunning high-definition.

Next up and being presented for the very first time in Asia is the stunning NOVOSTAR® V.I.P. Royal that makes a standout impression on any casino floor with its huge 65” upright curve screen. Returning to Macao following its popularity at G2E Asia earlier this year is the V.I.P. Lounge, an ideal solution for casinos to introduce V.I.P. slot gaming with a smaller footprint. Also on show will be the DOMINATOR® Curve as well as electronic roulette terminals that are spreading like wildfire throughout Asian markets.
