

NOVOMATIC recounts a successful PGS 2022

The local NOVOMATIC teams celebrated an excellent exhibition as well as a long awaited reunion with customers, partners and colleagues from across Latin America at this year's Peru Gaming Show.

Gumpoldskirchen/Lima, June 23rd, 2022 – The Peru Gaming Show 2022 was an eagerly awaited opportunity for the Latin American gaming industry to gather and find out what's new and hot in the market. And indeed, hot news were on display at the NOVOMATIC booth at Lima's Jockey Exposition Centre: Premiering the brand new cabinet sensation DIAMOND X™ 2.32, NOVOMATIC presented an exceptionally elegant dual-screen machine with an exquisite LED silhouette against the backdrop of its black metro cabinet finish. On the PGS show floor, the DIAMOND X™ 2.32 inspired the expert audience with the new Linked Progressive multi-game NOVO LINE CASH CONNECTION™ Edition 3 with a powerful package of 13 titles.

The region's operators were also especially excited to learn about the new IMPERA LINK™. This internationally popular Linked Jackpot multi-game comes with no less than 30 linked games and was presented in a banked package featuring the renowned FUNMASTER 2.27 cabinet as well as LED jackpot signage and spacers. Along with many other premium NOVOMATIC gaming solutions that were on display in Lima, such as various cabinets, new game-mixes and Progressives as well as the *myACP* casino management system, the NOVOMATIC booth also hosted a multitude of heartfelt reunions of business partners and friends as well as lively business activity.

Katty Lopez, NOVOMATIC Sales Director in Peru, said: "We are glad to have been part of this year's PGS: The excitement of visitors and exhibitors was really evident throughout the event. We were also very happy to meet with our customers and partners in person again, after so many months. Our new products, machines and games, were very well received – especially the IMPERA LINK™ was a total success. We are grateful for the trust that our customers place in our Company and our products, year after year and even throughout challenging times. This show was a perfect opportunity to now introduce them to the new generation of NOVOMATIC products that will help them sustainably boost their business."

About NOVOMATIC

The NOVOMATIC AG Group is one of the biggest international producers and operators of gaming technologies and employs around 21,200 staff worldwide. Founded by entrepreneur Professor Johann F. Graf in 1980, the Group has locations in about 50 countries and exports high-tech electronic gaming equipment and solutions to about 100 countries.
