

NOVOMATIC to Debut New Linked Progressive Innovations and Expanded Portfolio at G2E Asia 2026

First-time showcase of VISION LINK™ in Asia, multiple award-winning products and strong regional partner presence underline market commitment.

Gumpoldskirchen/Macao, April 30, 2026 – NOVOMATIC will present a comprehensive portfolio of next-generation gaming solutions at G2E Asia 2026, highlighting its strong commitment to the Asian market and reinforcing its role as a trusted technology partner across the region. At booth A518B, the company will showcase a powerful mix of linked progressive innovations, advanced ETG solutions, new game content and region-specific offerings – supported by the presence of its extensive network of Asian distribution partners.

In line with its commitment to product excellence, NOVOMATIC will also present a selection of its latest award-winning innovations, recently recognized at the prestigious European Casino Awards. Taking center stage is the **DIAMOND X™ QUATTRO 1.55J**, awarded Best Slot Machine. This flagship cabinet combines a striking 55-inch J-curved display with a refined glass touch deck and a powerful high-performance sound system, delivering an immersive and premium player experience.

A key highlight of this year's exhibition is the first-ever presentation of **VISION LINK™** in Asia. NOVOMATIC's latest multi-feature linked progressive concept combines five-pot mechanics, modern gameplay design and the popular LOCK&SPIN feature to deliver a highly engaging player experience. Its compatibility with the proven **XTENSION LINK™** series enables scalable configurations and strong performance across premium gaming floors.

Further strengthening the progressive portfolio, **XTENSION LINK™ Volume 5** will be introduced as the newest addition to one of the industry's most successful linked progressive families. Featuring 12 games inspired by classic fruit themes and iconic NOVOMATIC titles, it blends nostalgic appeal with modern presentation and proven features such as Golden Spins.

Also on display, **Impera PROLINK™ 2** delivers a high-impact jackpot experience, combining well-known classics with new game content and advanced mechanics such as Chain Reaction, Super Collect and Extended Reels within a dynamic three-pot setup.

A major focus will also be placed on the award-winning **Novo Unity™ Pro** ETG platform, which will be showcased with its latest feature upgrades, further expanding its flexibility, performance and player engagement capabilities. In addition, NOVOMATIC will present Novo Unity™ Pro as a stand-alone solution, offering operators even greater versatility in deploying high-quality ETG experiences tailored to individual floor requirements.

Complementing the core portfolio, visitors can explore new live-game solutions as well as the latest game highlights from APEX, further enriching the overall product mix. The showcase will also include dedicated solutions for the Philippine E-Gaming segment, underlining NOVOMATIC's targeted approach to regional market requirements.

"G2E Asia is a key platform for us to demonstrate the strength and depth of our portfolio in one of the most dynamic gaming regions worldwide," said **Kenan Bajram, Deputy Director of Global Sales at NOVOMATIC AG**. "With the Asian debut of VISION LINK™, major enhancements to Novo Unity™ Pro and a broad range of tailored solutions, we are delivering exactly what our partners are looking for: innovation, flexibility and strong performance."

About NOVOMATIC

The NOVOMATIC AG Group is, as a producer and operator, one of the largest gaming technology groups in the world and employs about 26,000 people. The Group was founded by the industrialist Professor Johann F. Graf in 1980 and has locations in about 50 countries, and exports innovative gaming equipment, system solutions, lottery system solutions, and services to more than 130 countries. The Group operates gaming terminals and video lottery terminals (VLTs) in its approximately 2,000 own electronic and regular casinos, as well as via rental models.

The NOVOMATIC AG Group is active as a full-service provider in all segments of the gaming industry through its numerous international subsidiaries, offering a comprehensive omni-channel product portfolio for partners and customers worldwide. This ranges from terrestrial gaming products and services, through management systems, cash management solutions, and online, mobile, and social gaming solutions, to lottery and sports betting solutions, as well as a whole host of other first-rate products and services.
