Novomatic in der Gewinnzone

GUMPOLDSKIRCHEN. Der Glücksspielkonzern Novomatic hat im Vorjahr den Umsatz um 5,7 Prozent auf 1,84 Milliarden Euro steigern können. Nach einem Verlust im ersten Corona-Jahr weist das Unternehmen für 2021 einen Gewinn von 64,9 Millionen Euro aus.

CASINO CAMPIONE

The casino was also equipped with the NBS Casino Management System, including floor management, accounting and reporting routines as well as customer-facing ATMs and promo towers. This state-of-the-art solution adheres to regulatory requirements, grants maximum privacy and comfort for the guest and enables the operator to run all processes smoothly via a centralised and modern system. In line with the slogan "All in one Touch", it was also implemented in the entrance area for customer management and access control in accordance with the highest Responsible Gaming standards, supported by biometrically operated fingerprint and face recognition.

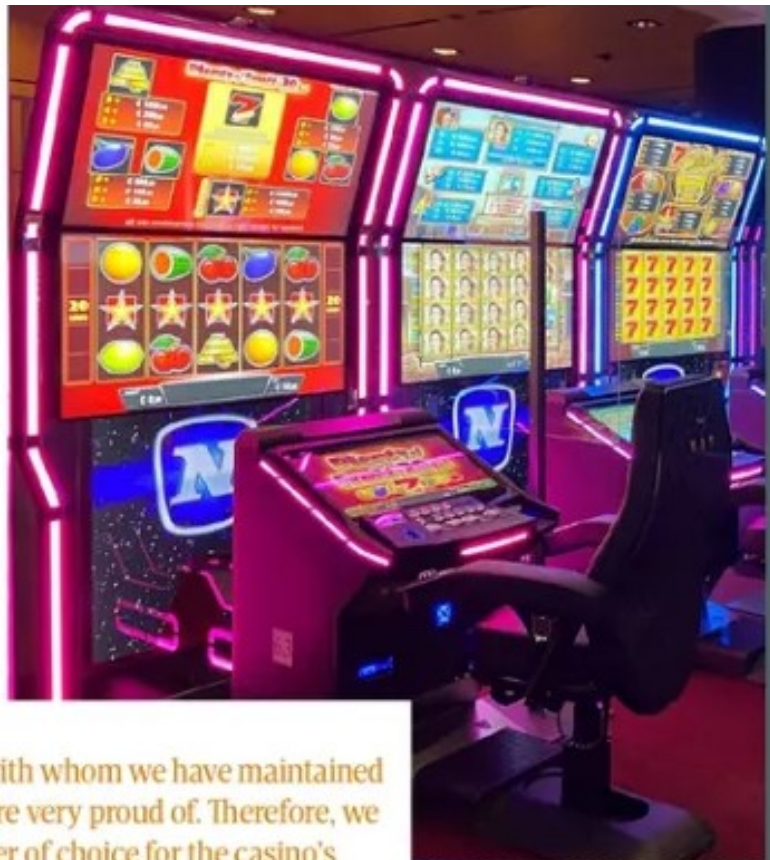

The NOVOMATIC Interior Design Solutions department redesigned the reception according to customer requirements and with the prerequisite to integrate the access control. The design of the new reception is based on a sophisticated modular concept including elegant interior design elements, indirect lighting and a five meter long chandelier made of hand-blown glass balls.

"Casinò Campione is a customer with whom we have maintained a long-term relationship that we are very proud of. Therefore, we are also delighted to be a partner of choice for the casino's reopening. We congratulate the Casinò Campione on their successful new start, of course hoping that our excellent business relationship will last for many more years of mutual success."

Franco Rota, President NOVOMATIC Italia

Marco Ambrosini, CEO of the Casinò Campione, said: "In spite of the pandemic situation and despite the adversity of the abrupt closure in 2018, the Casino of Campione d'Italia has now exceeded all expectations with an exciting restart. All the huge structures for the re-opening were renewed, the entire logistics organised and the machine park installed in time for the new season. With NOVOMATIC, we had a strong partner at our side: structured, competent and with decades of experience in the sector as well as with the ability to support the immense mechanism of a casino with 1.500 customers a day. By bringing their technicians and engineers to collaborate with our historic team, updating and supporting it, NOVOMATIC assisted us to upgrade the casino offer to the latest standards."

Franco Rota, President NOVOMATIC Italia, said: "Casinò Campione is a customer with whom we have maintained a long-term business relationship that we are very proud of. Therefore, we are also delighted to be a partner of choice for the casino's reopening. We congratulate the Casinò Campione on their successful new start, of course hoping that our excellent business relationship will last for many more years of mutual success."

Löwen Entertainment: Novo Cash X6+

Mit dem Novo Cash X6+, einer Weiterentwicklung des Novo Cash X6, stellt **Löwen Entertainment** einen 1,80 Meter hohen und nur 70 Zentimeter breiten Geldwechsler für das Geldmanagement vor.

Löwen hebt das komplett überarbeitete Gehäuse für noch mehr Sicherheit und attraktive Design-Elemente hervor. Das farbige Frontmotiv sei auf Wunsch individualisierbar. Eine moderne Münzschütte erlaube die Aufnahme von bis zu 250 Münzen auf einmal plus mehrfaches Nachwerfen. Im Münz-Recycling bieten drei ausziehbare Hopper Platz für 15 000 Euro in Zwei-Euro-Münzen. Die Kapazität könne mit bis zu drei zusätzlichen Hoppern weiter erhöht werden. Der Banknoten-Dispenser fasse bis zu 4 000 Scheine. Im Recycling können 200 Banknoten eingebunden werden.

Zudem stehen individuelle Erweiterungsmöglichkeiten im Cash Handling zur Verfügung.

Weitere Merkmale sind der 15 Zoll große Touch-Monitor und das Linux-Betriebssystem.

Novomatic 2021 wieder in der Gewinnzone

Weiterer Rückgang bei Glücksspiel-Umsatz. Zuwachs bei Produktion von Spielautomaten. Leichter Zuwachs bei Mitarbeitern.

Der niederösterreichische Glücksspielkonzern Novomatic hat 2021 den Umsatz im Vergleich zum ersten Coronajahr 2020 leicht gesteigert und mit 64,9 Mio. Euro wieder einen Gewinn ausgewiesen. Die Dividende fällt aber das zweite Jahr in Folge aus, geht aus dem am Freitag veröffentlichten Geschäftsbericht hervor. Während der Umsatz aus dem Betrieb von Spielstätten coronabedingt das zweite Jahr in Folge zurückging, gab es bei der Gaming Technologie einen starken Zuwachs.

In Summe stieg der Konzernumsatz um 5,7 Prozent auf 1,84 Mrd. Euro. Die Eigenkapitalquote legte auf 29,7 Prozent zu. Nach einem Verlust von 263 Mio. Euro im Jahr davor gab es 2021 wieder 64,9 Mio. Euro Gewinn. Die Zahl der Mitarbeitenden stieg um rund 600 auf 21.173 Personen, davon rund 3.000 in Österreich.

300 Tage geschlossen

Restriktionen und Lockdowns trafen alle relevanten Märkte, einzelne davon bis zu sechs Monate lang, so Novomatic. Der Umsatz der Spielstätten ging 2021 um 3,5 Prozent auf 1,03 Mrd. Euro zurück. Im Vergleich zu 2019 beträgt der Rückgang sogar 615,9 Mio. Euro (37,3 Prozent). In Österreich waren die Spielstätten der Admiral Casinos mit ihren Glücksspielautomaten in den letzten beiden Jahren zusammen rund 300 Tage geschlossen, darüber hinaus war der Betrieb mehrere Monate erheblich eingeschränkt. Nicht zuletzt deshalb verbuchte das Geschäftsfeld 9,1 Mio. Euro Verlust. Die 900 Arbeitsplätze seien aber erhalten geblieben.

Im Gegensatz dazu legte die Entwicklung und Herstellung von Spielgeräten um 20,3 Prozent auf 806,2 Mio. Euro zu.

NOVOMATIC: GAMING BEYOND X-PECTATIONS

Novomatic has launched a brand new upright cabinet for the international casino markets - the new Diamond X 2.32 is all set to introduce an exceptional, fresh style and crisp game presentation

CAN a cabinet tick all the boxes? Novomatic's new Diamond X 2.32 features a captivating design, incorporating a black metro finish contrasted by a dynamic LED lighting concept that creates a visually enclosed framework for the crisp presentation of game content.

All that meets ergonomic exterior design, comprising all the best angles plus ample foot space. The Diamond X 2.32 presents an exceptional accomplishment in cabinet design, presented by Novomatic for brilliant performance and suitably complementing the company's market-leading portfolio of games.

The new cabinet's most intriguing visual elements are certainly the facelift of the grill on the front door panel as well as the indirect silhouette lighting concept, featuring LEDs for the intelligent game-synched colour effects.

The main monitor features are two large 32ins full HD game screens with PCAP touch on the bottom screen plus a sophisticated, integrated topper that blends in perfectly with the machine to cater for enhanced progressives support and high visibility on the gaming floor.

The standard player interface signals a return to a purist approach with a straightforward button deck. The discerning operator can optionally choose to specify a flush 15.6ins TouchDeck player interface that is complemented by two extra-large physical buttons for familiar reel spin haptics.

Player convenience is further catered for by maximised ergonomics with an XL footwell, an optional USB charger and an integrated high-performance sound system. Floor staff will value the maintenance-friendly door concept that grants excellent access to the key components.

The Diamond X 2.32 is an exceptionally elegant dual-screen machine

characterised by its black metro finish and exquisite LED silhouette, ready for all the demands of the modern gaming floor with premium components, easy integration of player tracking systems and full compatibility with standard protocols.

Jakob Rothwangl, VP global sales at Novomatic AG, said: "The Diamond X 2.32 is definitely a statement. It perfectly exemplifies our very focused approach for 2022: future-focused, business-oriented and committed to our customers' demands."

"This cabinet is the product of intensive R&D efforts, meticulous discussions with customers, distributors and regional units as well as in-depth research of market requirements, all with the one purpose to create a future generation gaming cabinet that sets the new standard for what is yet to come. We aimed high, but what our engineers came

up with was even beyond our expectations."

The Novomatic Group is one of the biggest international producers and operators of gaming technologies and employs around 21,000 staff worldwide. Founded by entrepreneur Professor Johann F. Graf in 1980, the group has locations in more than 45 countries and exports high-tech electronic gaming equipment and solutions to about 90 countries. The group operates around 214,000 gaming terminals and video lottery terminals in its 1,900-plus gaming operations as well as via rental concepts.

Through its numerous international subsidiaries, Novomatic is fully active in all segments of the gaming industry and thus offers a diversified omnichannel product portfolio to its partners and clients around the world. This product range includes land-based gaming products and services, management systems and cash management, online/mobile and social gaming solutions as well as sports betting solutions together with a range of sophisticated ancillary products and services. □

CAMPIONE BACK IN ACTION

The reopened Casino Campione is welcoming its guests with a state-of-the-art Novomatic gaming offering integrated in its gaming floors

LOCATED in the Italian exclave of Campione d'Italia in Switzerland, Casino Campione is one of just four Italian casinos and ranks among the largest in Europe.

It was originally opened in 1917 and in 2007 moved to the famous futuristic building complex on the shores of Lake Lugano that was especially designed by architect Mario Botta.

The relationship between the Casino Campione and Novomatic dates back many years and is based on top-quality products, first-rate customer support and a partnership of mutual trust. Novomatic gaming equipment has always proven extremely popular with the casino's discerning guests.

Hence, the casino management decided to make sure that the reopened Casino Campione also presents a state-of-the-art Novomatic gaming offering that will help the casino to successfully master its recovery.

The gaming offer at the new Casino Campione clearly follows the casino's slogan: "The next fun." Gaming entertainment deluxe, as well

as events and dining create a luxury offer for discerning guests from the region and from abroad.

On the live gaming floors, a broad selection of live games guarantees hours of traditional casino entertainment and on the first and second floor, the Casino Campione offers a broad choice of electronic games, comprising a wide selection of video slots as well as electronic roulette terminals, spiced up with numerous progressives and mystery jackpots.

The new machine park includes, among others, the internationally best-selling Panthera cabinets with popular linked progressive content such as the Novo Line Cash Connection Edition 2, Superia Cash Connection Volume 1 and the XTension Link as well as the evergreen Super-Vi Geminator with the new Geminator My Cash Edition 1 as a standalone progressive offer.

A number of VIP Lounge 2.32 cabinets present the multigame Impera-Line HD Edition 7 as well as the brand new Impera Link, while the internationally proven Novostar SL 3.24 slant tops offer popular selections of games in the Novo Line Interactive Edition X2 and the Geminator Legend Edition 2.

Moreover, the luxurious set-ups Novostar VIP Royal 2.65 and Novostar VIP 3.50 have been integrated in the casino floor, offering players lavish comfort in their VIP chairs while they enjoy titles in the Impera-Line HD Edition 7 or Magic Games HD.

The casino was also equipped with the NBS casino management system, including floor management, accounting and reporting routines as well as customer-facing ATMs and promo towers. This state-of-the-art solution adheres

to regulatory requirements, grants maximum privacy and comfort for the guest and enables the operator to run all processes smoothly via a centralised and modern system.

In line with the slogan "All in one Touch," it was also implemented in the entrance area for customer management and access control in accordance with the highest responsible gaming standards, supported by biometrically operated fingerprint and face recognition.

The Novomatic Interior Design Solutions department redesigned the reception according to customer requirements and with the prerequisite to integrate the access control. The design of the new reception is based on a sophisticated modular concept including elegant interior design elements, indirect lighting and an intriguing five metre long chandelier made of hand-blown glass balls.

Marco Ambrosini, CEO of the Casino Campione, said: "In spite of the pandemic situation and despite the adversity of the abrupt closure in 2018, the Casino di Campione d'Italia has now exceeded all expectations with an exciting restart. All the huge structures for the reopening were renewed, the entire logistics organised and the machine park installed in time for the new season.

"With Novomatic, we had a strong partner at our side: structured, competent and with decades of experience in the sector as well as with the ability to support the immense mechanism of a casino with 1,500 customers a day. Funkgeräte fürs Kriegsgebiet

Ukraine-Hilfe der VG Sprendlingen-Gensingen läuft auf Hochtouren / Zweite Hilfslieferung geplant

SPRENDLINGEN-GENSINGEN.

Die Ukraine-Hilfe der Verbandsgemeinde Sprendlingen-Gensingen läuft auf vollen Touren. Bürger, Vereine und Firmen stehen dahinter. VG-Bürgermeister Manfred Scherer freut sich über unverhoffte Unterstützung und die jüngst eingegangenen Spenden. 5000 Euro von Löwen Entertainment, 1000 vom TuS Pfaffen-Schwabenheim, 1000 von der Gensinger Ortsgruppe des Roten Kreuzes und - als tatsächlicher und unerwarteter Höhepunkt - 200 Euro von Elisei (7) und Simon (6). Die beiden Jungs hatten spontan beschlossen, zuhause und in der Nachbarschaft zu sammeln. Viel mehr Einsatz geht nicht.

Die erste VG-Hilfslieferung ist gelaufen, die zweite steht in der kommenden Woche bevor. Bereits 150 Flüchtlinge wurden in der Verbandsgemeinde untergebracht. Die Prioritäten lauten: Zuerst ein Dach über dem Kopf, dann Gelder beantragen, dann den Unterricht in Schulen beziehungsweise die Unterbringung in Kindergärten ermöglichen. "Wir haben ein halbes Dutzend Mitarbeiter, die aktuell nichts anderes machen, als sich um die Neuankömmlinge zu kümmern", so Scherer.

Bei dem Hauptproblem, der Wohnungsakquise, ist er selbst an der Lö-

sungssuche beteiligt. Zwar gibt es je nach Gemeinde viele Leerstände, allerdings kann ohne das Placet der Eigentümer auf diese nicht zurückgegriffen werden. Was zukünftig bleibt, sind Hallenbelegungen, für den Bürgermeister die "wahrscheinliche, wenn auch schlechteste Lösung".

Die Menschen in der VG-Partnergemeinde Boratyn im Nordwesten der Ukraine seien enorm hilfsbereit, hätten bereits 550 Flüchtlinge aus dem Osten des Landes aufgenommen und in Familien untergebracht, so Scherer. Aktuell bereite man sich auf Hunderte vor, die vor allem aus Charkiw und Mariupol kommen sollen. Dass die Zahlen nicht noch größer sind, liege an der Nähe Boratyns zur Grenze nach Belarus und der Furcht der Fliehenden, dass sich der dortige Machthaber Alexander Lukaschenko an Putins Seite in den Krieg einschaltet.

Spenden sind notwendig, um den Millionen vor Ort zu helfen. Von den bei der ersten Tour gelieferten Stromgeneratoren wurde einer bereits von einer Rakete zerstört. Die Funkgeräte, so Scherer, würden vor allem für die Warnung vor Attentätern genutzt, die Arzneimittel seien sowohl für die Bevölkerung als auch für Soldaten gedacht. Vonnöten ist in der Ukraine ak-

tuell alles, was das tägliche Leben ausmacht. Benzin und haltbare Lebensmittel sind rationiert, vieles ist jenseits der Grenze gar nicht mehr zu haben. "In den eingekesselten Städten Mariupol und Charkiw hungern die Menschen, essen Hunde- und Katzenfutter, um zu überleben", berichtete Scherer. Und weiter: "Alle sind dankbar für die Hilfe und optimistisch, dass sie am Ende gewinnen."

Anders als bei der ersten Tour, als die VG Hilfsgüter mit mehreren Kleintransportern in die Ukraine brachte, wird diesmal alles von einer ukrainischen Spedition in die problematischen Gebiete, vielleicht sogar in die Hotspots gebracht. Damit, so der VG-Chef, entstünden keine Probleme an der Grenze. Außer dem Sprit fallen keine weiteren Kosten an.

Die Region bemüht sich zu helfen, wo immer es geht. Die DRK ler verkauften Erbsensuppe mit Würstchen und Brot am Globus in Gensingen. Der TuS Pfaffen-Schwabenheim hatte bereits zur Kerb im Vorjahr ein Fußballspiel mit ausschließlich nicht-aktiven Kickern aus dem Ort zur Stärkung der Gemeinschaft organisiert und wartete auf die geeignete Gelegenheit, die an diesem Tag eingenommenen Gelder aus dem Verkauf von Speisen und Getränken zu spenden.

Product Review: Novomatic - DiamondX

Captivating design, incorporating a black metro finish contrasted by a dynamic LED lighting concept that creates a visually enclosed framework for the crisp presentation of game content. All that meets ergonomic exterior design, comprising all the best angles plus ample foot space.

The DIAMOND X™ 2.32 presents an exceptional accomplishment in cabinet design, presented by NOVOMATIC for brilliant performance and suitably complementing NOVOMATIC's market-leading portfolio of games.

The new cabinet's most intriguing visual elements are certainly the facelift of the grill on the front door panel as well as the indirect silhouette lighting concept, featuring LEDs for the intelligent game-synched colour effects. Main monitor features are two large 32" full HD game screens with PCAP touch on the bottom screen plus a sophisticated, integrated topper that blends in perfectly with the machine.

The standard player interface signals a return to a purist approach with a straightforward button deck. The discerning operator can optionally choose to specify a 15.6" TouchDeck™ that is complemented by two extra-large physical buttons for familiar reel spin haptics. Player convenience is further catered for by an XL footwell, an optional USB charger and an integrated high-performance sound system. Floor staff will value the maintenance-friendly door concept that grants excellent access to the key components.
