Novomatic beim Online-Gaming auf Expansionskurs

Novomatic: Greentube stärkt Präsenz in Lateinamerika durch Partnerschaft mit LatamWin! (Bildquelle: LatamWin & Greentube)

Die Nachrichten rund um die Abteilung Novomatic Interactive häufen sich. Dahinter steckt die Tochter Greentube aus Wien, deren Expansionsbestreben neue Dimensionen erreicht haben. Deutschland, Österreich, die Schweiz und Niederlanden sind nur kleine Puzzlestücke, denn das Softwarehaus hat längst in den USA und Kanada Fuß fassen können, wo die Glückspielbranche im Internet in den kommenden Jahren das größte Wachstumspotenzial abschöpfen kann. Doch auch weiter südlich, auf den lateinamerikanischen Märkten werden Online Casinos und Sportwetten immer stärker nachgefragt. Und in dieser Region hat Greentube den ersten großen Coup 2023 zu vermelden, denn der Provider hat grünes Licht erhalten, seine spannende Novoline Spieleauswahl den Kunden von LatamWin in Chile zur Verfügung zu stellen.

Greentube: Online-Arm von Novomatic expandiert in Lateinamerika

Novomatic Interactive darf seine Online Casino Echtgeld Spiele für die Kunden von LatamWin bereitstellen und startet damit auf dem chilenischen Glücksspielmarkt im Internet. Der neue Kooperationspartner verleiht dem Entwicklungsstudio Greentube zusätzliche Dynamik auf dem lateinamerikanischen Markt. Damit erhalten die Spieler vor Ort Zugang zu legendären [Novomatic Slots](#)-Spielen wie Book of Ra Deluxe, Lucky Lady's Charm Deluxe und weiteren bekannten Titeln aus dem Bereich des stationären Geldspiels.

Die Spielothek Spiele werden zusammen mit einer Reihe von neuen Automaten spielen wie Dragon Blitz, Diamond Tales – The Ugly Duckling, Twin Spinner Sizzling Hot und Diamond Link: Oasis Riches dem Glücksspielanbieter LatamWin zu einem der ersten Novoline Casinos in Südamerika machen. Die Partnerschaft hat in Chile gerade erst begonnen und wird zeitnah mit dem mexikanischen Glücksspielmarkt ausgebaut, wie das österreichische Unternehmen in einer [Pressemitteilung](#) berichtet.

Mit Chile im Rücken wird Greentube auch bei den Kunden von LatamWin in Mexiko an Ansehen gewinnen, wo es bald eine eigene Reihe von Greentube Spielautomaten online geben wird. Auf der anderen Seite wird LatamWin, ein innovativer und bekannter Marktteilnehmer, von der Kombination seines Portfolios mit einer neuen, optimierten Produktpalette von Novomatic Greentube profitieren, die vollständig auf seine Bedürfnisse und Erwartungen zugeschnitten ist.

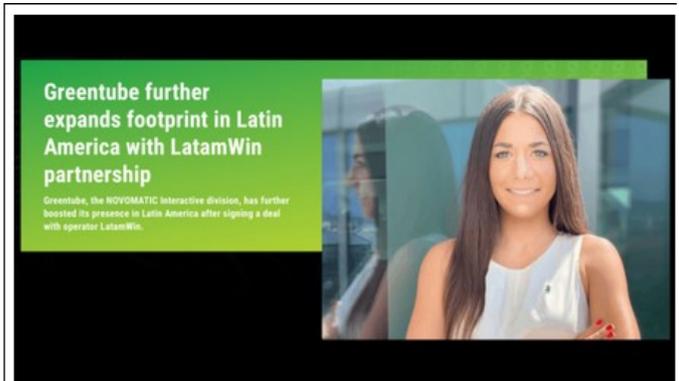

Greentube hat sich längst zu einem globalen Provider für Online-Casinospiele entwickelt und drängt mit der Strahlkraft von Muttergesellschaft Novomatic im Hintergrund auf immer mehr Glücksspielmärkte außerhalb Europas. Als digitale Spiel- und Unterhaltungssparte der Novomatic Gruppe bietet Greentube ein breit gefächertes Portfolio an Video-Slots, Tischspielen, AWP-Reloaded-Slots, Social-Casino-Gaming, Video-Bingo und mehr. Die jüngste Übernahme von Flamingocatz, einem noch jungen amerikanischen Softwareentwickler, wird die geografische Expansion von Novomatic durch die Erweiterung des Produktportfolios und die Verbesserung der Omnichannel-Strategie vorantreiben.

Markterschließung in Übersee läuft weiter

Im Anschluss an die kürzlich geschlossene Partnerschaft mit dem Joint Venture von Entain Gaming und MGM in Nordamerika ist Greentube nun eine Vereinbarung mit dem in Curacao ansässigen Online-Casino-Anbieter LatamWin eingegangen. Im Rahmen der neuen Partnerschaft wird der erfolgreiche Anbieter von Dienstleistungen und technologischen Lösungen für Online Casinos in den regulierten Märkten Lateinamerikas seine Reichweite in diesem Gebiet deutlich erhöhen. Bereits jetzt hat Greentube seine Echtgeld Spielautomaten bei einigen wichtigen Playern in der südamerikanischen Region auf den Markt gebracht.

Das Unternehmen aus der Novomatic Gruppe entwickelt und vertreibt sowohl klassische als auch individuell zugeschnittene Glücksspiele nach marktspezifischen Anforderungen, darunter Social-Casino-Spiele, Video-Poker, Video-Bingo, klassische Slots, Tischspiele und serverbasierte Spiele. In der Zwischenzeit hat sich Greentube eine Beteiligung mit dem aufstrebenden Studio Flamingocatz gesichert, um seine Präsenz auf den nordamerikanischen Märkten zu stärken. Mit dem Ziel, innovative Spielautomaten auf den amerikanischen Markt zu bringen, hatte Greentube eine [40 Prozent Beteiligung an Flamingocatz](#), einem 2022 neu gegründeten Spieleentwickler, erworben. Aufbauend darauf sollen marktorientiert Slots-Spiele zunächst für die USA entwickelt werden.

Wilfried Adelsdorfer, CEO von LatamWin, erklärte: „Greentube ist international dafür bekannt, äußerst unterhaltsame Spiele anzubieten, daher ist die Integration des Slot-Portfolios auf unserer Plattform sowohl für uns als auch für die Spieler, die nun Zugang zu den großartigen Slots haben, von großem Vorteil.“

Den Deal mit LatamWin kommentiert Julia Schagerl, Key Account & Sales Manager Latam bei Greentube wie folgt: „In ganz Lateinamerika haben die Spieler bereits gezeigt, dass sie einen großen Appetit auf unsere Spiele haben, und die Zusammenarbeit in Chile ist ein Beweis für die Beliebtheit unserer Spielangebote in dieser bedeutenden Region. Für uns ist LatamWin ein großartiger Partner beim Ausbau unserer Präsenz in zahlreichen regulierten Märkten und gibt uns die Möglichkeit, noch mehr Leute mit unseren fantastischen Greentube-Spielen bekannt zu machen.“

Löwen Entertainment: 1.000 Euro für den NABU

Löwen Entertainment spendete Anfang Januar 2023 an den NABU Bingen 1.000 Euro. Die Spendensumme kam Löwen zufolge unter anderem durch den Verkauf des Löwen-Honigs unter den Mitarbeiterinnen und Mitarbeitern am Standort Bingen zustande. Das Unternehmen arbeitet nach eigenen Angaben seit drei Jahren mit einem lokalen Imker zusammen. Dieser stellt einige seiner Bienenvölker auf den Grünflächen des Firmengeländes auf. Ende 2022 sei die Honigernte erstmals an die Beschäftigten von Löwen Entertainment verkauft worden. Dies sei der Grundstein für die Spende an den NABU Bingen und Umgebung gewesen, so Löwen.

Am 4. Januar 2023 überreichte Sebastian Foethke (Leiter Public Affairs, Löwen Entertainment) den symbolischen Spendenscheck auf dem Gelände des NABU-Zentrums in Bingen-Gaulsheim. Der erste Vorsitzende des NABU Bingen und Umgebung, Bardo Petry, nahm den Scheck für den Verein entgegen. Die Spende möchte der NABU für seine Naturschutzarbeit und insbesondere den Insektenschutz verwenden, heißt es von Löwen. Unter anderem könne das durch den Kauf von Saatgut für insektenfreundliche Blühwiesen realisiert werden. „Blütenreiche Wildwiesen werden in der immer intensiver genutzten Landschaft ständig weniger. Mit dem Verschwinden der Wildpflanzen in unserer Nachbarschaft, am Wegesrand oder auf Brachflächen verarmt die Natur. Gerade aber für viele Insektenarten wie Wildbienen, Schmetterlinge und Käfer sind Wildpflanzen die Nahrungsgrundlage“, so Petry.

Greentube updates its mobile esports game Ski Challenge with new features

Michael Bauer, Greentube's CFO/COO.

Greentube, NOVOMATIC's digital gaming and entertainment division, announced it has implemented **several updates to its mobile esports game Ski Challenge**.

The recently launched iOS and Android title, which sees players compete head-to-head in organized tournaments featuring real-money prizes, has been **boosted by several new additions including a ranking system, in-game leaderboards and new customization items**.

Players can now collect skill points by winning competitive races, which sees them reach new heights by ranking in one of several categories – Bronze, Silver, Gold and Master. In addition to being ranked, players can "etch their name in history" by appearing on new time-based leaderboards, showcasing which skiers "really are king of the hill."

This latest update will also allow players to customize their look, modifying their avatar with new clothes and accessories. The firm has also confirmed new items will be added to the game on a regular basis.

Ski Challenge, which is based on Greentube's first-ever gaming title from 1998, has been produced in collaboration with Swiss-Ski, the Austrian Ski Federation and the German Ski Federation, "offering players exclusive tracks from the downhill skiing world."

Michael Bauer, Greentube's CFO/CGO, said: "Unsurprisingly, this new and improved version of Ski Challenge has proven to be a huge hit with players old and new. It would have been remiss of us not to continue its development post-launch considering so many people are enjoying the game."

"This trio of exciting updates adds an entirely new layer to the game that we are confident players will welcome and enjoy. On top of this new functionality, we will further develop additional features which will increase the competitive element between the players such as tournaments," Bauer added. "Although the product is already really fun to play there's a lot more to come in the future – so stay tuned and practice your skills."

The update comes as Greentube also advances its efforts to gain further presence in global markets. **Back in December, the firm announced it entered a joint venture with emerging studio Flamingocatz, in a partnership that will see new content created for North American markets,** acquiring a 40% stake in Flamingocatz.

The two parties will collaborate on developing future content for Greentube's portfolio, leveraging Flamingocatz's local knowledge and production capacity to 'bring titles that deliver on player expectations.' **A number of titles are already in development and are set to be introduced in 2023, initially in North America,** but later also to other markets where Greentube is active.
